Sajida was 11 years old. She was clever and beautiful girl. She told her story to us. Sajida was studying in school. She was first number in her class. She was smile and happy. She was dearness to her father and mother. Beside her family her teacher and class were glad her. Every morning she went to school. Each afternoon she went to Madrasa. She hopes that a day she will be a doctor and work for her country. Beside the school she was first number in Madrasa. She was helping her mother in home work too. A day Sajida came from school to home. Her mother told her there is no water in home please bring water. Sajida took her water bucket and went with her friend Maryam for water. They went to their neighbor home for water. And Maryam pull a pipe of water. Suddenly happened explosion. Maryam killed and Sajida became injured. Her father brought Sajida and Maryam to hospital. Maryam was killed and Sajida had lost her feet. She did not know, what happened, and where the explosive material were. After a few days she got better. Beside physical problem she had psycho problem too. After incident she was unhappy and lived alone. The explosion had bad affected on her. She don't going to school and Madrasa anymore. Sajida family came from Hilmand to Kandahar. Now they are settled in Kandahar. She had psych problem. She shame on own disability. A day Emergency Mobile team went to Sajida home. EMT had been teaching MRE training to Sajida's family. Sajida told us. If we had been learned MRE. If we had information about mine before explosion. We would not have been face with explosion. We encouraged Sajida to school. We referred her to PRC. She got artificial feet from PRC. Now she is very happy
